

DAY IN DAVENPORT

School Teacher Resigns.—The resignation of Miss Gertrude W. Dawley of the high school was announced to the students in her classes yesterday and was received with much regret. Her request for release had been in the hands of the board of education for some time but was not accepted until a successor had been secured. She leaves to teach in the new Nichols high school in Chicago. This new position is a good advance over the local high school, as it has a big increase in salary. She has been teaching in the local school for four years and has taught Latin all the time. The successor to the position will be Miss Anna Meyers, who is a graduate of Indiana university. She took her masters degree at the University of Chicago. She has taught for the last few years in the New Hartford high school in Indiana and comes highly recommended to the local school.

Hoboes Start \$3,000 Fire.—A gang of hoboes starting a fire in a box car in the west yards yesterday afternoon was the cause of the complete loss by fire of one car and slight damage to two others. The cars were the property of the C. R. L. & P. railway. Damage is estimated at about \$3,000. It is thought that the members of the "great army of the unemployed" were within the car and had built a small fire. When the department arrived the car was a mass of flames. It was impossible to save one of the cars and efforts were directed to saving the two adjoining box cars.

Sues for Divorce.—Petition for divorce was filed yesterday by James H. Cox against his wife, Ethel Cox, alleging statutory grounds. The couple were married Dec. 26, 1906, according to the petition filed by Attorney M. V. Gannon for the plaintiff.

Chief Denger Back on Job.—Fire Chief Denger, who has been laid up for the past two days at his home, suffering with a torn ligament in his leg as the result of a wrench sustained when he ran up a terrace, is back on the job. While the muscle is still swollen, the chief can navigate about the station house, although his condition is not such to enable him to attend fires.

Issue Extradition Papers.—Extradition papers were made out yesterday morning for Harry Clark, now under arrest in Milwaukee, Wis., and charged with having burglarized the Niemand jewelry store on West Third street two months ago. County Attorney Fred Vollmer sent the papers to Governor Francis McGovern of Wisconsin yesterday morning. Detective Patrick J. Phelan left for Milwaukee to bring Clark back to Davenport and to investigate the case from every angle there. Over \$500 in watches, diamonds, jewelry and silverware were stolen from the Niemand store. Clark when arrested in Milwaukee is said to have confessed to having committed a jewelry store robbery in Davenport and it is believed that the Niemand robbery is the one referred to.

Girls' Debating Team.—The call for candidates for public speaking for girls was issued last evening at the high school and seven girls reported to try for the position of representing the local school at the girls' declamatory contest in Rock Island early next year. Several of the girls have tried before at the high school to win this honor and are known to be good speakers. The following are the girls that reported last night: Helen Brownlee, Margaret Amos, Kathryn Paden, Rhea Wable, Esther Keller, Myrtle Brennan and Gladys Steagall.

Licensed to Wed.—A dispatch from Chicago states George Patterson and Ella Weider, both of Davenport, were united in marriage in that city Thursday. Mr. Patterson is the well known master mechanic at the Rock Island arsenal. His bride was formerly a saleslady at the J. H. C. Peterson's Sons' store.

Both with hair whitened and faces wrinkled with 69 years, John W. Doty and Sarah Yohn, both of Princeton, were married Thursday at the office of Justice W. R. Maines. It was the second ceremony for both of the aged participants, both of whom have lived at Princeton for many years, being among the oldest settlers there. The aged couple was accompanied by Fannie E. Kerr and Emma Martin, both of Princeton.

Colds Are Caught in October

That Last All Winter

In most parts of the United States October is the pleasantest month of the whole year. And yet October has special liabilities for those who are subject to catching cold.

September is liable to be warm and thin clothes are worn almost universally. When October begins the nights get colder and the days also. Yet people will cling to their thin clothes. The negligee shirt without vest is so comfortable that the men do not like to give it up. Sleeveless underwear and peek-a-boo waists have given so much comfort during the hot months that the women lay them aside with great reluctance. So it is that thin clothes are carried over into the month of October, and a great many millions of people carry them a little too long. Frequently catching cold is the result.

A cold acquired in October may last several months and do great damage.

Anawan, Ill., were the contracting parties.

Hearing for Lemburg.—Henry Lemburg, chauffeur charged with manslaughter in the case of Melvin C. Case, switchman killed in a collision between a Rock Island switch engine and Lemburg's auto, was given a preliminary hearing yesterday before Justice W. R. Maines. Witnesses were George Austin, riding on the footboard of the engine with Case when the accident occurred, John Hansen, flagman at the Fifth and Marquette street crossing, Frank Lude, blacksmith, John Heuck, cigarmaker, and a man named Smith, all eyewitnesses of the tragedy. Lemburg was represented by George W. Scott and the state by County Attorney Fred Vollmer and Assistant Waldo Becker. All of the witnesses testified that the automobile bell was ringing as Lemburg drove across the tracks and also that Flagman Hansen was out on the crossing with the green danger flag in his hand when Lemburg passed him. Lude testified that the flagman was standing directly in front of the coal wagon driven by Smith and his testimony brought out the possibility of Lemburg's inability to see the danger signal. The switch engine was shown to have been going at a speed of from eight to ten miles an hour and that of the auto also at a moderate rate of speed.

Made in County Luncheon.—A Made in Scott County luncheon will be a feature of the Iowa Ad Men's convention. Next Tuesday afternoon at 2:30 o'clock, all of the local ad men and the visiting delegates will board special I. & N. cars and go to Colonel G.

W. French's Iowa farms. A brass band will be taken along to furnish the music while the ad men are inspecting one of the model farms of the world.

Obituary Record.—Although working in the yard Thursday, Mrs. Elizabeth Greene, one of the old pioneers of this county, died at 10 o'clock yesterday morning at the family home, 1338 Division street. Death was caused, it is said, by heart failure. She was over 68 years old. Mrs. Greene was working out in the yard preparing flowers for the winter. She became ill late in the afternoon and was forced to be confined to her bed. Gradually hour by hour the aged woman grew weaker, and despite all that physicians could do, she succumbed. She is survived by a daughter at home.

After an illness of nearly a year's duration and several months of patient suffering, Herbert Ives Rice, aged 34 years, died Thursday night at the Mercy hospital. The cause of death was heart and kidney trouble, followed four weeks ago by a stroke of apoplexy. Bert Rice, as he was known to a legion of friends in the tritiques, was born in Trenton, Mo., on June 30, 1879, the only son of Henry and Mattie Rice. His mother passed away about 20 years ago and his father died in Davenport in 1903. Since the death of his mother Mr. Rice has made his home in Davenport at the residence of Miss Ida Burrows at 1033 Brady street. Before and during his last illness, her loving care and devotion have been equal to that of any mother toward an only son. The only surviving relatives are an aunt and a cousin now living in Missouri. For several years Mr. Rice was employed at the local office of the Standard Oil company. Later he was connected with the Tri-City Railway company and the Bettendorf Axle

company. He was forced to give up active work last February. Mr. Rice was a devout member of the Episcopal church and for some time was a member of the vestry of Grace cathedral parish of Davenport. The funeral services will be held at Trinity cathedral Sunday afternoon at 4 o'clock, conducted by Rev. George Verbor of the cathedral staff.

After an illness of several months, Miss Bessie Mariman died at 2 o'clock yesterday morning at the family home, 1805 West Second street. She was 42 years old. Miss Mariman was a native of Davenport, born here Jan. 29, 1871. She has made her home in this city practically all of her life. Three brothers survive, Michael of St. Louis, Mo., and Peter and John Mariman of Davenport, besides two sisters, Mrs. O. P. Sammons of Dennison, Texas, and Mrs. Walter McMahon.

The funeral will be held from the home Monday morning with services at 9 o'clock at St. Mary's church. Interment will be made in Holy Family cemetery.

August H. B. Holtz, 39 years old, died at 5 o'clock Thursday afternoon at the home of his sister, Mrs. T. J. King, 806 West Fourth street, after a prolonged illness. Decedent was born in Davenport, Jan. 30, 1874. He has lived in this city all of his life. Surviving are his mother, Mrs. Friederick Rickenberg, and one sister, Mrs. T. J. King of Davenport. Three brothers, Charles Bargholtz of Rochester, N. Y., and John and Louis Bargholtz of Davenport also survive. Funeral services will be held at 2 o'clock Sunday afternoon from the home of the sister where death occurred, with interment in Fairmount cemetery.

Chamberlain's Cough Remedy has become famous for its cures of coughs, colds, croup and influenza. Try it when in need. It contains no harmful substance and always gives prompt relief. Sold by all druggists.—(Adv.)

Mining Magnates Are to Meet in Quaker City

Top, rescue crew of the bureau of mines. Bottom, left to right: John Hays Hammond, Joseph A. Holmes and David W. Brunton.

Philadelphia, Pa., Oct. 18.—Prominent mining men from all over the country and several representatives from foreign lands will be present at the annual convention of the American Mining congress to be held in this city Oct. 26 to 28.

Coinciding with the mining convention there will be held here the first national mining exposition ever given in the United States. This exposition, under the auspices of the American Mining congress, will emphasize the "safety first" movement, showing what has been done and what is being done to reduce the death toll of the mines.

Mining men from every state have announced their intention to be present. There will be a delegation from Alaska to tell the story of the alleged bottling up of the natural resources of that country by the government. The Chicago delegation will include E. T.

Bent and Carl Scholz, two of the leading coal operators of the middle west. From Denver will come D. W. Brunton, president of the congress, and a leading drainage expert, heading a large delegation. From the nation's capital will come John Hays Hammond, Henry Jennings and Gardner Williams, who became multi-millionaires in South African gold and diamond mining. Among others who will come are Senators Shafroth of Colorado, Walsh of Montana and Sutherland of Utah; Chairman Forest and other members of the house committee on mines and mining; Secretary of the Interior Lane, if his health permits; Secretary of Labor W. B. Wilson; Dr. Joseph A. Holmes, director of the bureau of mines; Dr. George Otis Smith, director of the geological survey. Pittsburgh will be represented by a delegation of the biggest bituminous coal operators of the country, headed by John H. Jones, president of the Pittsburgh-Buffalo Coal company. More than 50 of the best known mining engineers of the country will come from New York, these men representing great mining corporations. Among these will be Dr. James Douglas, dean of the mining engineers; J. Parke Channing and W. R. Ingalls. It will be the greatest rally of mining men ever held in the United States.

The mining industry is second only to agriculture, with an annual output of \$2,000,000,000. It employs directly 1,500,000 men, while 1,000,000 men handle its raw products. The output of the mines constitutes 65 per cent of the freight traffic of the country. An attempt is to be made at this gathering to impress upon the country the magnitude of the industry and to show what progress it is making.

The exposition is horticultural hall, under the auspices of Richard L. Humphrey of Philadelphia, will show what is being done by the mining industry to reduce the number of deaths in the mines. The oxygen helmet, which permits rescuers to enter mines filled with deadly gases following ex-

plosions, will be demonstrated by a trained crew from the bureau of mines. The basement of the hall has been fitted up to resemble a coal mine for the occasion. There will be an airtight room with glass sides, to be filled with smoke, and the rescuers will work in the stifling vapors. The resuscitating device, which is said to have saved more than 300 lives since it was introduced by Dr. Holmes, will also be demonstrated. Modern safety lamps which have the approval of the mine bureau will be shown. In 1912, owing to these devices, 857 fewer men were killed in the mines than in 1907, although 40,000 more men were employed in 1912.

At the exposition there will also be continuous motion pictures depicting mining in all its phases. The films were taken by the government for the education of miners.

The west will be represented at the exposition by a placer gold mine in full operation, with an old-time miner in charge. A carload of gold-bearing gravel from the Cherry Creek district of Colorado is now being placed in Horticultural hall. It was at Cherry Creek that gold was first discovered in Colorado, while the pioneers were fighting the Indians.

Among the subjects to be discussed at the congress are workmen's compensation, arbitration, big business in relation to industrial prosperity with special reference to mining, the public land question, mine taxation, some problems connected with the mining industry, needed changes in the mineral land laws, gold production, and the cost of coal production.

SILVIS

Last Thursday afternoon the home of Mrs. Mary Phelps was the scene of a very pleasant social affair, it being the occasion of her birthday anniversary. About 30 of her relatives, friends and neighbors came to her home perpetrating a complete surprise on the hostess. After a nice lunch had been served she received some handsome presents.

W. Collins is spending a few days in Pennsylvania, being called there by the death of a relative.

Last Thursday afternoon the Pioneer Birthday club met with Mrs. George Nichols, at her home on Twelfth street.

Ed Daniels has moved into the house formerly occupied by Professor McKnight.

Mrs. Roy Hoy entertained the Per Se club Wednesday. Mrs. Schultz will next entertain the club.

H. Morris, who was injured in a railroad accident here last Thursday, has recovered from his injuries.

Waldo McKinley is attending Brown's Business college in Moline.

W. Green and family have moved to Rock Island.

W. Garney was paid a visit by his uncle, G. Mitchell, of California.

O. Johnson has returned home from a visit at Springfield.

The members of the Methodist Ladies' Aid society met at the church last Thursday.

Last Thursday evening, at her home on Sixth street, Mrs. Charles A. Stevens entertained Mesdames Andrew Peterson, Henry Bahns, N. E. Johnson and Edith Pennell.

Mrs. John Naom is visiting relatives at Depeu, Ill.

Mrs. Elizabeth Donaghoo of Twelfth street had as a guest her daughter, Mrs. Harvey Hill, of Perry, Iowa, last week.

Miss Florence O'Melia has taken a position in the postoffice.

Mrs. Henry Bahns of Sixth street entertained the members of the Baptist Ladies' Aid society and friends Wednesday afternoon. An elaborate lunch followed some time spent in social conversation and needlework.

Mrs. George Bell was paid a visit by her sister, Mrs. Byron Essex, of Canton.

Mrs. Huston and little daughter, Virginia, are visiting her mother at Mendon, Ill.

Mrs. Cecil Ferguson has been attending the convention of the Eastern Stars at Chicago.

Mr. and Mrs. Thomas Whitmarsh are the parents of a little baby boy, who arrived Monday.

Mrs. Emmett returned home to Tonicia, after visiting relatives here. Mrs. John Henderson continues very ill.

Word has been received here that Mrs. Thomas Crawford, who went to California for the benefit of her health, arrived safely and is much improved.

Benjamin Haddick and mother visited relatives at Matherville Sunday.

Miss Minnie Prond was the guest of honor at an afternoon tea at the home of Mrs. George Nichols last Thursday.

Mrs. J. H. Freeland entertained the G. I. A. Silvis Sewing circle last Tuesday. Mesdames Freeland, Larkin and Wright were appointed on the sewing committee.

Mr. and Mrs. Robert Ranson arrived home from a brief visit at Sherrard.

Mr. and Mrs. C. L. Williams of Geneseo spent part of last week here with friends.

Mrs. R. Ragen and baby returned home from a visit with relatives at Lyons, Iowa.

Mrs. Wheatcraft has as guests Mr. and Mrs. G. Smith of Utah.

The Kensington club met with Mrs. David Beveridge Tuesday afternoon. Jessie Wilson has arrived home from Georgia.

Mrs. Mary Harper entertained a

THIS WOMAN HAD MUCH PAIN WHEN STANDING

Tells How Lydia E. Pinkham's Vegetable Compound made Her a Well Woman.

Chippewa Falls, Wis.—"I have always had great confidence in Lydia E. Pinkham's Vegetable Compound as I found it very good for organic troubles and recommend it highly. I had displacement, backache and pains when standing on my feet for any length of time, when I began to take the medicine, but I am in fine health now. If I ever have those troubles again I will take Lydia E. Pinkham's Vegetable Compound."—Mrs. Ed. FERRON, 816 High St., Chippewa Falls, Wisconsin.

Providence, R. I.—"I cannot speak too highly of Lydia E. Pinkham's Vegetable Compound as it has done wonders for me and I would not be without it. I had organic displacement and bearing down pains and backache and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABRAHAM LAWSON, 128 Lippitt St., Providence, R. I.

Electric Chafing Dish Cookery Is So Delightfully Different

In the girl's room at college or boarding school; or at home, when entertaining guests, the Electric Chafing Dish is an ever-ready, useful convenience. Tasty, savory tidbits are quickly and easily prepared. All you need is the recipe and the ingredients—no bother with a dangerous alcohol lamp—when you use an Electric Chafing Dish. Just attach to any convenient electric socket. Decidedly ornamental, too. Very appropriate for wedding or birthday gifts.

A New Recipe for Chicken a la King

Take 1/2 boiled chicken and remove the meat in long, thick pieces. Melt two tablespoons of butter, add fresh mushrooms and cook five minutes. Add chicken and heat through, add one teaspoon of salt, one-half cup sherry wine and one red pepper and one green pepper cut in long, thin strips. Beat the yolks of two eggs until light, then add one cup cream. Stir constantly until it thickens. Then pour over toast and serve.

The Chafing Dish illustrated, No. S. 1220, has a three-pint capacity. Sent complete, with 3-heat switch, at \$19.50. Add postage and all charges paid to any address within 200 miles of Chicago for \$19.50. Many other styles and sizes are shown at a wide range of prices. Send for descriptive literature. Be sure to visit ELECTRIC SHOP, when next you are in Chicago.

ELECTRIC SHOP—CHICAGO

Michigan and Jackson Boulevards

Wm. D. McJunkin Advertising Agency, Chicago

number of her friends at a thimble party Wednesday. A fine dinner was served after a social time and some hours spent in sewing.

Henry Bahns has sold his residence to Mr. Anderson and will move into his mother's residence.

John Clark has as a guest his brother, Robert, of Pennsylvania.

Mrs. S. D. Marchant was hostess to the Silvis Birthday club last Tuesday afternoon. A luncheon followed some time spent in music, conversation and general sociability and the hostess was presented with several beautiful pieces of chinaware.

H. Johnson and family are visiting relatives in Nebraska.

Mrs. J. E. Brown is visiting relatives in Ohio.

V. Dumbek has arrived home from a meeting of the postmasters of Illinois at Springfield.

James Kerr spent last week here painting Mrs. S. J. Bull's residence, returning home to Joslin, Ill., Thursday morning.

JOY

Mr. and Mrs. Bob Willits returned Wednesday from a week's vacation trip to Minot, S. Dak.

Mrs. Wentworth Holmes is spending a few days in Burgess with her daughter Mrs. J. B. Bradford.

Mrs. James Vance and Mrs. Charley Rutherford went to Alpha Thursday for a visit with Mrs. Jesse Forester.

Mr. and Mrs. Henry Noble were shoppers in Aledo Thursday.

Mrs. Clyde Welch returned Tuesday from Independence, Mo., where she has been for several months.

Mr. and Mrs. Will Ingraham and children have returned home to Gilman, Iowa, after a week's visit with relatives and friends here.

Ed Shingledacker was a passenger to Aledo Thursday.

Dr. Haley was in Galesburg Monday. Mrs. Henry Epperly and George Campbell spent Thursday afternoon in Aledo shopping.

Leroy Noble is quite sick. Tom Dunn was here from Keithsburg Wednesday.

John McCulley went to Galesburg Wednesday to stay a few days with his wife who is in the hospital there. John Nicholson from Oklahoma came Tuesday and expects to remain here this winter.

Fred Thornhill left Tuesday for Rock Island from where he expected to go to North Dakota on business.

Mr. and Mrs. Harvey Kiddoo and Mr. and Mrs. Jack Epperly made a trip to Galesburg Wednesday by auto.

Your cough annoys you. Keep on hacking and tearing the delicate membranes of your throat if you want to be annoyed. But if you want relief, want to be cured, take Chamberlain's Cough Remedy. Sold by all druggists.—(Adv.)

Loss of Appetite.
Is the first signal of disorder and decay. The usual loss of appetite is often caused by functional disturbances in the stomach. The stomach fails to do the work required, the appetite is gone, and the body suffers from lack of nourishment. Such a stomach needs to be cleaned and sweetened. Meritol Tonic Digestive is made especially to assist the stomach to digest food, and promote a healthy appetite. This remedy is sold on our positive guarantee, and we ask you to give it a trial. It is a genuine tonic. Harper House Pharmacy and H. O. Rolfs, dispensary chemist, sole agents.—(Adv.)

Muncie, Ind.—On complaint of Thomas F. Hart, president of the Interstate Automobile company, Michael J. Broderick, president of the Broderick Boller company, was appointed receiver for the auto company. Mr. Hart set forth that the company has an indebtedness of \$500,000, which it was unable to pay.
